### 09:45-11:00 An Ireland for GOOD

Decision making politicians from both sides of the border will chat and take questions from school pupils to discuss the Ireland young people want to see. What do your pupils want to discuss – what matters to young people all over this island? What would they want to tell politicians? Sign up and send us your questions!

**This will be a live webinar from Trinity College Dublin. The speakers will be able to join remotely should travel be restricted for any reason.**
